Healthy Cells For Life

01

Healthy Cells Expo

Friday 18 May – Sunday 20 May
9am-5pm

Many behavioral and learning disorders can be linked to a child's nutrition, metabolism, digestion and environment. This expo features products and services that nurture your child's development, including: food, personal care, healthy homes, neuro therapies and much more...

\$15 donation
(children free of charge)

02

Public talk

Wednesday 16 May
7pm-9pm

Not to be missed... two world leaders in the biomedical approach to children's health will talk on how to support a child's mental and physical health by treating metabolic, immunologic, neurologic and digestive disorders (Mindd) through diet, therapies and biomedicine.

Dr. Kenneth Bock (USA) author of 'Healing The New Childhood Epidemics; ADHD, Allergies, Asthma, Autism, Learning Delay'.

Dr. Natasha Campbell-McBride (UK) author of 'Gut and Psychology Syndrome; how metabolism and digestive health contribute to ADHD, Learning Delay, Diabetes, Obesity, Behaviour, Autism' and much more.

\$20 donation

03
